Children's mental health

FOR INFO CONTACT

Children's mental health is one of the most serious problems in the healthcare sector. According to official data, only in Ukraine (2001-2002):

- * 201 children out of 100,000 people have mental disorders;
- * among these children over 70% need therapy.

Today Ukraine needs more good deeds in order to support special needs children and organisations providing psychological help based on elements of animal-assisted therapy. The key is how and why specialists in working with children. Therefore, the construction centre for children and adolescents will
